## TALL CORN GLADS

# Monona Gladiolus Gardens

Grown in the Soil that Grows Tall Corn

MONONA, IOWA

**THE MONONA GLADIOLUS GARDENS** are maintained by three growers, G. W. Tapper, M. D., and C. J. Orr, Member of The Iowa State Legislature, both of Monona, Iowa, and Rev. H. E. Morrow of Hopkinton, Iowa, Rt. 3, formerly of Monona. We grow glads with the same vigor and quality that Iowa's Tall Corn possesses, and are pleased to call them **TALL CORN GLADS**. Tall Corn Glads are grown under our personal supervision, and all stock is guaranteed disease free and true to name. We wish to take this opportunity to thank all customers of former years, and cordially invite you to share with us again. We have the choicest varieties that grow; husky bulbs that will make you smile; and service and liberality that will surprise you. We firmly believe that satisfied customers are our best advertising.

The following abbreviations are used for the names of the originators: (A) Austin, (Bill) Wm Purple, (Bet) Betscher, (C) Coleman, (Chr) Chriswell, (D) Diener, (Dec) Decorah Gardens, (Er) Errey, (F) Fischer, (G) Goodrich, (Gr) Groff, (H) Houdyshell, (Hor) Hornberger, (K) Kunderd, (Kel) Kelway, (L) Lemoine, (M) Mair, (P) Palmer, (Pf) Pfitzer, (R) Rockhill, (S) Stevens, (Sal) Salbach, (V) Velthuys, (W) Williams.

**SIZES:** "L" is Large, and means bulbs not less than No. 2 or not less than 1 1/4 inch in diameter. "M" is Medium, and includes sizes No. 3-4, or bulbs from 3/4 to 1 1/4 inch in diameter. "S" means Small, and includes sizes 5-6, or bulbs from 1/4 to 3/4 inch in diameter.

**TYPES:** "Prim" means varieties of Primulinus type, the hooded kinds. "Prim-Gr" means Primulinus-Grandiflorus, or those varieties which have the hooded features of the Primulinus, and the size of the large grandiflorus types.
